

Himmel Pharmaceutical Sales System

BACKUP RESTORE GUIDE

Himmel Pharmaceutical Sales Management System — Backup & Restore Guide

Overview

Database integrity and disaster recovery guidelines for administrators.

1. Automated & Manual Database Backups

- Manual backups can be triggered anytime via ****Settings !' Database Management !' Create Backup****.
- Backups are stored in `AppData/Roaming/Himmel Pharmaceutical/backups/`.

2. Restoring a Database Backup

- Go to ****Settings !' Database Management !' Select Backup File****.
- Click ****Restore Backup****. The system validates database schema integrity before applying changes.
- Successful restoration triggers a full application state refresh.
