

Himmel Pharmaceutical Sales System

INSTALLATION GUIDE

Himmel Pharmaceutical Sales Management System — Installation Guide

System Requirements

- **Operating System**: Windows 10 / 11 (64-bit)
- **RAM**: 4 GB minimum (8 GB recommended)
- **Disk Space**: 500 MB free storage space

Installation Steps

1. Run the installer executable: `Himmel Sales Management Setup 1.0.0.exe`.
2. Follow the NSIS installation wizard prompts and select the target directory.
3. Launch **Himmel Sales Management System** from the desktop shortcut or Start Menu.
4. On initial startup, SQLite database schema and initial seed data will initialize automatically.

Default Credentials

- **Admin Username**: `admin`
- **Admin Password**: `Password123!`
